Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

WRITING UNDER: SELECTIONS FROM THE INTERNET TEXT (PAPERBACK)

West Virginia University Press, United States, 2012. Paperback. Condition: New. Language: English. Brand new Book. Alan Sondheim's Writing Under explores and examines what happens to writing as it takes place on and through the networked computer. Sondheim began experimenting with artistic and philosophical writing using computers in the early 1970s. Since 1994, he has explored the possibilities of writing on the Internet, whether using blogs, web pages, emails, virtual worlds, or other tools. The sum total of Sondheim's writing online is entitled "The Internet Text." Writing Under selects from this work to provide insight into how writing takes place today and into the unique practices of a writer. The selections range from philosophical musings, to technical explorations of writing practice, to poetic meditations on the writer online. This work expands our understanding of writing today and charts a path for writing's future.
